## WORK EXPERIENCE

---

### Software Developer Intern | Prosper IT Consulting - Portland, OR 2021-Present

- Skillset used: Python, Django, C#, .NET, HTML, CSS, JavaScript.
- Project overview: Created two projects contributing to an existing code base, along with a larger development team
- Created and styled a blog section for a local theater's website, made with ASP.NET
- Created a collaborative statistics-tracking app using Django

### Machine Operator | Leatherman Tool Group - Portland, OR 2021-2021

- Operated, maintained, repaired and routinely cleaned large CNC milling machines.
- Created and filed production reports daily.
- Assisted quality assurance in measuring parts to assure highest quality possible.
- Frequently used Coordinate Measuring Machine (CMM) to ensure parts were within specification.

## EDUCATION & TRAINING

---

### Certification in Software Development | The Tech Academy 2021-2022

- Immersive Full Stack Software Developer boot camp with more than 600 hours of instruction and hands-on coding. Predominantly the program is based on C# and Python, along with the fundamentals of Computer Science, Django, .NET Framework, MVC, HTML, CSS, JavaScript, T-SQL/SQL, Agile / SCRUM and web application development. Completed numerous practical projects.
